

Microsoft Dynamics NAV Azure

Is it time your business moved to the cloud? **84% of organisations** in the UK seem to think so, and they're all enjoying the benefits the cloud has to offer. The cloud empowers you to take your business anywhere. You'll be able to do accounting, inventory management, anytime, anywhere and anyplace. And it'll save you money too!

The cloud is safer than ever before. Technologies like Microsoft Dynamics NAV sit on Microsoft Azure, which is built using the comprehensive Security Development Lifecycle (SDLC) developed by Microsoft and was the first cloud provider to achieve ISO 27018.

About Dynamics NAV Azure:

Advantage offers an all-in-one service that encompasses your NAV installation, associated infrastructure and services. It includes:

- Fully managed IT service: so you don't have to worry about anything IT related.
- Comprehensive backup and DR on the cloud in multiple locations
- 24/7 monitoring: so if anything happens, we'll be able to reach straight away
- Private cloud: configured your private cloud and all the data on it belongs to you

The benefits:

- Fixed rate of pricing
- Scales with your business as it grows
- Lower upfront cost compared to on premise solution
- Manage your business from anywhere
- Peace of mind as upgrades and updates to infrastructure are all handled by Microsoft
- From £350 (10 users, up to 250GB Database)

About Advantage

Advantage is a CRM, ERP and IT managed services provider based in Central London. With almost 20 years' experience and unrivalled expertise, designed to give you the reassurance and peace of mind you need to focus on growing your business.

- We manage everything for you so you won't have to be in the middle of suppliers and service providers
 - We drive down your costs so you don't have to spend a fortune on hardware, software and expensive expertise
