

Click CRM – Built to Grow Your Business

Simple. Effective. Affordable. Intelligent.

Three essential technologies – CRM, marketing automation, and sales enablement – integrated into a single solution. Click CRM is powerful, affordable and easy-to-use.

Why Click CRM?

Real time data tracking

Access real-time sales and marketing data all on one platform. Eliminate silos for a single source of truth.

Drive more revenue

A unified approach to sales and marketing is proven to be more effective and efficient at closing deals and increasing revenue.

Improve conversion rates

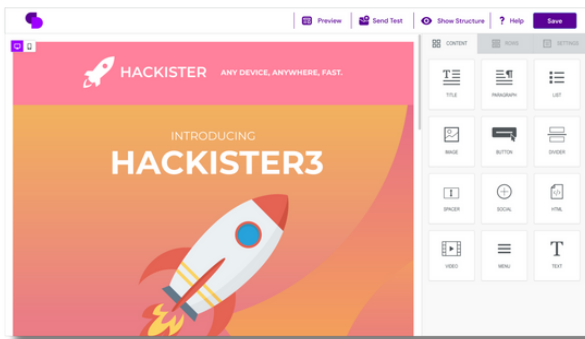

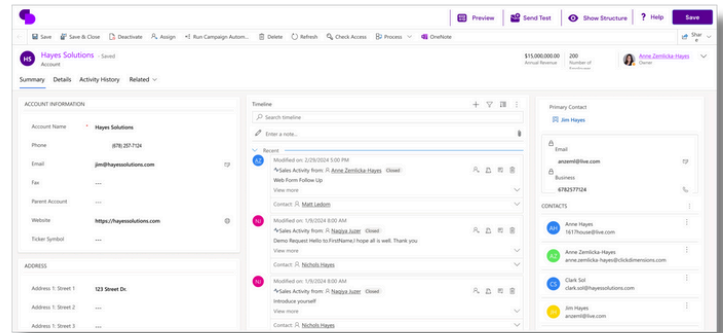

Track your sales activities and build a customized journey – meet your contacts where they are and improve opportunity management and conversion rates.

Click CRM – Built to Grow Your Business

CRM

Take full control of your opportunities and contacts with Click's bespoke, easy-to-use CRM.

Organize your records, view your pipeline and share vital information with other stakeholders to help drive more revenue.

Marketing Tools

Create compelling messages with our AI-powered, drag-and-drop email designer.

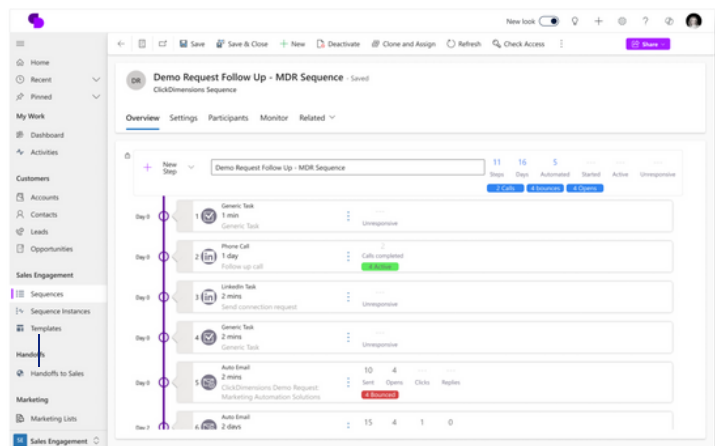

Build effective customer outreach with integrated, multichannel campaign automation tools.

Choose from ad hoc communication features or plan detailed longer term customer journeys.

Sales Engagement

Create bespoke automated 1:1 customer outreach sequences to ensure timely and effective communications.

Easily leverage pre-approved and brand consistent templates and materials to increase engagement.

Advantage are a leading Microsoft Business Solutions Partner and your all-in-one solution for Dynamics 365 CRM, Business Central, and IT Managed Services.
